REVIEW REPORT OF THE INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors of General Environmental Conservation Public Company Limited

I have reviewed the consolidated balance sheet of General Environmental Conservation Public Company Limited and its subsidiaries as of September 30, 2008, the related consolidated statements of income for the three-month and nine-month periods ended September 30, 2008, the consolidated statements of changes in shareholders' equity and cash flows for the nine-month period then ended. I have also reviewed the separate financial statements for the same period of General Environmental Conservation Public Company Limited. These financial statements are the responsibility of the Company's management as to their correctness and completeness of the presentation. My responsibility is to report on these financial statements based on my review. The interim consolidated financial statements of General Environmental Conservation Public Company Limited and its subsidiaries and the interim separate financial statements of General Environmental Conservation Public Company Limited for the three-month and nine-month periods ended September 30, 2007, presented here in for comparison, were reviewed by another auditor in my office, in accordance with the standards on auditing applicable to review engagements, and she drew a conclusion from the review under her report dated November 5, 2007 that nothing had come to her attention that caused her to believe that the accompanying financial statements are not presented fairly, in all material respects, in conformity with generally accepted accounting principles.

I conducted my review in accordance with the standards on auditing applicable to review engagements. These standards require that I plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit in accordance with generally accepted auditing standards, and accordingly, I do not express an opinion.

Based on my review, nothing has come to my attention that causes me to believe that the financial statements are not presented fairly, in all material respects, in conformity with generally accepted accounting principles.

The consolidated and separate balance sheets as of December 31, 2007, presented herein for comparison, have been derived from such financial statements, which audited by another auditor in my office and reported in accordance with generally accepted auditing standards and expressed an unqualified opinion in her report dated February 18, 2008. I have not performed any other audit procedures subsequent to such report date.
