REVIEW REPORT AND INTERIM FINANCIAL INFORMATION

FOR THE THREE-MONTH AND NINE-MONTH PERIODS ENDED SEPTEMBER 30, 2026

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To The Shareholders and Board of Directors of
General Environmental Conservation Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of General Environmental Conservation Public Company Limited and its subsidiaries as at September 30, 2026 and the related consolidated statement of comprehensive income for the three-month and nine-month periods ended September 30, 2026, the consolidated statements of changes in shareholders' equity and the consolidated statements of cash flows for the nine-month period then ended and selected explanatory consolidated notes and have reviewed the separate financial information of General Environmental Conservation Public Company Limited as well. Management is responsible for the preparation and presentation of this interim financial information in accordance with the accounting standards No. 34 "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

SCOPE OF REVIEW

I conducted my review in accordance with auditing standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

CONCLUSION

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai accounting standards No. 34 "Interim Financial Reporting".

2.3 Financial reporting standards that effective in the current period

During the period, the Group has adopted the revised financial reporting standards 2025. This revised version is based on the International Accounting Standards, Bound Volume 2025 Consolidated without early application which will be effective for the financial statements for accounting periods beginning on or after January 1, 2026.

The adoption of these financial reporting standards do not have any significant impact on the financial statements in the current period.

2.4 Thai Financial Reporting Standards announced in the Royal Gazette but not yet effective.

The Federation of Accounting Professions has announced the adoption of the revised Financial Reporting Standards 2026, which are updates to the International Accounting Standards, Bound Volume 2026 Consolidated without early application. The revised Financial Reporting Standards have been updated or brought into line with the International Financial Reporting Standards as follows:

a) Which will be effective for the financial statements for accounting periods beginning on or after January 1, 2027.

Thai Accounting Standard No. 7: Statement of Cash Flows

This amendment is to align with the introduction of TFRS 18: Presentation and Disclosure in Financial Statements, which will affect the classification of items in the statement of cash flows to ensure consistency.

b) Which will be effective for the financial statements for accounting periods beginning on or after January 1, 2028.

Thai Financial Reporting Standard 18: Presentation and Disclosure in Financial Statements

When adopted, it will result in a change to the presentation of the income statement, dividing it into five categories: operating, investing, financing, income tax, and discontinued operations. It also requires disclosure of the calculation method and reconciliation between management's defined performance metrics and the closest equivalents presented in the financial statements, highlighting any differences. This will improve the comparability of financial statements between different entities and between entities for different periods, and increase transparency in cases where management discloses discrepancies between reported and publicly available profit and loss information.

Thai Financial Reporting Standard No. 19: Subsidiaries without Public Accountability : Disclosures

It provides subsidiaries with a significant option for preparing financial statements and making less disclosures compared to the disclosure requirements of current Financial Reporting Standards. This new standard will give subsidiaries that currently prepare financial statements under the Financial Reporting Standards for Non-Publicly Accountable entities the option to upgrade their valuation by switching to Financial Reporting Standards and reduce the disclosure burden.

The management of the Group is currently assessing the impact on the financial statements in the year in which these standards are initially applied.

3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies used in preparing the interim financial statements are the same accounting policies used in the preparation of the annual financial statements for the year ended December 31, 2025.

Deferred tax :				
Changes in temporary differences relating to the original recognition and reversal	57	882	54	878
Total	111	882	54	878

Income tax expense is recognised based on management's best estimate of the weighted average annual income tax rate expected for the full financial year applied to the pre-tax income of the interim period. The consolidated effective tax rate of the Group in respect of continuing operations for the nine-month periods ended September 30, 2026 in the consolidated financial statements were 1.63% (September 30, 2025 : 4.55%) and in the separate financial statements were 0.62% (September 30, 2025 : 5.91%). These changes in effective tax rate were caused by the different treatment for accounting and taxation purposes of certain items of expense and the carry forward of unused tax losses in the financial statements.

As at September 30, 2026, the Company and subsidiary had an accumulated loss (in tax) that was still unused in the amount of Baht 81.28 million (the separate : Baht 75.90 million). The Company and subsidiary did not record deferred tax assets from such loss because there was an uncertainty whether the Company and subsidiary would have enough profit to utilize the benefits from deferred tax assets or not.

22. EARNING (LOSS) PER SHARE

Earning (loss) per share is calculated by dividing the profit (loss) for the period attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares which are issued and paid-up during the period adjusted for treasury shares.

24. FINANCIAL INSTRUMENTS

The Group uses the market approach to measure its assets and liabilities that are required to be measured at fair value by relevant financial reporting standards, except that the cost approach or income approach is used when there is no active market or when a quoted market price is not available.

Fair value hierarchy

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data.

As at September 30, 2026, The Group had the following assets and liabilities that were measured at fair value using different levels of inputs as follows:

	Thousand Baht				
	Consolidated / Separate financial statements				
	Carrying amount	Fair Value			
		Level 1	Level 2	Level 3	Total
Asset					
Financial assets measured at fair value through profit or loss					
Other current financial assets					
Investments in mutual funds	60,000	-	61,446	-	61,446
Financial assets measured at fair value through other comprehensive income					
Listed equity investments					
Common stocks	64,900	37,752	-	-	37,752

Valuation techniques and inputs used for Level 2 fair value measurement

The fair value of investments in non-listed investment units is calculated using the net asset value per unit announced by the fund manager.
